Subject: House Bill 589

Hello, Governor Cooper,

Please veto House Bill 589 as it will be a detriment to our sustainable energy sector. Our citizens would lose opportunities for good jobs that come with these wind and solar porjects.

Please refer to the New York Times article this week about the 4 year effort by Koch Brothers and the electric utilities to kill roof top solar in our country.
Duke Energy is participating in this activity.

OUR FUTURE ON THE PLANET IS NONETHELESS AT STAKE.

Thank you,
